

**Product Overview:**

The LA-362 Rechargeable AA NiMH Batteries do not suffer from memory conditions (as do nickel cadmium batteries), therefore they fully recharge hundreds of times. This provides many years of dependable service on one set of batteries. Two (2) AA batteries are required to operate each Listen belt pack device, and eight (8) are required for the LR-600. Each LA-362 pack includes two (2) batteries. Use with Listen drop-in charging cases.

Highlights:

- Recharge hundreds of times
- Standard size AA batteries
- Longer life than NiCad
- Package of 2
- Use with Listen's charging cases

Includes:

One (1) LA-362 Rechargeable AA NiMH Batteries (2)

Product Specification: Rechargeable AA NiMH Batteries (2)	
Power	
Classification	NiMH (Nickel Metal Hydride)
Nominal Voltage	1.2 VDC
Battery Capacity	2300 mA
Physical	
Battery Size	AA
Weight	1.1 oz. (31 g)
Shipping Weight	1.0 lbs. (0.5 kg)
Environmental	
Temperature - Operation	-18 °C to 55 °C (0 °F to 130 °F)
